The contents of this volume have been brought up to date as at 2 January 1990. The Statutes and Regulations included are those in force on that date with the exception of those made since 30 October 1989.

Calendar Volume 1 Published in December of the previous year. Volume one contains the degree regulations, outlines of courses and details of subjects offered by each of the seven faculties. It also sets out general information about enrolment, re-enrolment, and University services and facilities. It contains lecture timetables and lists the principal dates for students.
Monash University

Monash University was established by an Act of the Victorian Parliament on 15 April 1958. The first meeting of the Interim Council, appointed under the transitory provisions of the Act, was held on 1 November of that year. The Vice-Chancellor, Registrar, and the first professor took up duty early in 1960.

By the Monash University Act 1958, Monash University is a body politic and corporate, governed by a Council. The Monash University Council comprises a maximum of thirty-eight members either appointed or elected by various constituents so as to be broadly representative of all sections of the University and of the community it serves. The Chancellor and the Deputy Chancellor are elected by the council, which also appoints the Vice-Chancellor, professors and other members of the teaching and non-teaching staff. The Council manages and supervises the affairs of the University and is advised by its subordinate standing committees, other boards and committees, the Vice-Chancellor, and senior officers of the University.

The seven faculties are Arts, Economics and Politics, Education, Engineering, Law, Medicine, and Science. Each faculty is headed by a dean who is chairman of the faculty board and is responsible for exercising general superintendence over the academic and administrative affairs of the faculty. All faculties except Education and Law are sub-divided into departments.

The Professorial Board, through Council, is responsible for all academic matters relating to the University. The Vice-Chancellor is, ex-officio, chairman of the Board. Membership includes all professors, the University Librarian, the directors of some of the University's research and service centres, and representatives elected by non-professional teaching staff and students.

The Committee of Deans is chaired by the Vice-Chancellor and comprises the deans of the seven faculties, and the Deputy Vice-Chancellors. The Committee advises the Vice-Chancellor on many aspects of University policy and management. The Vice-Chancellor is advised on the framing of the University's annual operating budget by the Central Budgets Committee. Responsibility for expenditure within faculties is delegated to deans, and similar delegation is made to heads of other budgetary areas.

When teaching began at the University in 1961, there were ten professors and an enrolment of 363 undergraduate and graduate students. Enrolments increased rapidly and there are now over 100 professors and a student population of about 14,000.

The University site of some 100 hectares at Clayton is 20 km south-east from the city of Melbourne. The University is not primarily a residential institution, but there are five halls of residence, some University-owned flats and an affiliated residential college which provide accommodation for students. The University has extensive sporting and recreation facilities, including twelve hectares of playing fields and an ornamental lake. The Alexander Theatre and Robert Blackwood Hall are used for theatrical and musical performances, conferences, and graduation ceremonies and the Monash University Gallery mounts a range of temporary exhibitions as well as housing some of the more important works that constitute the extensive Monash University Art Collection.

The Religious Centre provides an appropriate venue and place of worship for all faiths and religious societies at the University.

The University library, with a collection of some 1,300,000 volumes and 14,000 periodical subscriptions, is divided into branch libraries catering for the needs of the humanities and social sciences, physical sciences, biological sciences and medicine, and law. A well-equipped Computer Centre with an associated computing laboratory plays a central role in much of the University's teaching and research efforts through an interconnected network of some 1,500 terminals.

The on-campus work of the faculties is expanded and supported in a variety of areas by affiliated institutions. The work of the Faculty of Medicine is assisted by affiliated teaching hospitals and community health centres. Other affiliated institutions cooperate with the University in research and teaching programs.

In addition to the faculties, there are numerous specialist centres catering for the research interests of particular groups of staff and providing a nucleus for postgraduate and some undergraduate studies. Many of these act as a focus for interdisciplinary research.

The University offers bachelor degree courses in Arts, Social Work, Economics, Information Systems, Education (postgraduate), Special Education (postgraduate), Engineering, Law, Jurisprudence, Medicine, Surgery, Medical Science, and Science. All faculties offer postgraduate diploma courses or masters by course work in various specialised fields. The degrees of master and doctor and the degree of Doctor of Philosophy are available in all faculties.

Funding is derived in the main from the Australian Government which also supports the University's research effort directly through the Australian Research Council and indirectly through funding bodies such as the Australian Research Grants Scheme and the National Health and Medical Research Council. The Victorian Government and a number of private charitable foundations also support Monash research. The Monash University staff is operated to encourage an increase in non-government funding to the University in support of its teaching and research programs.

This Calendar, within its two volumes, carries as much information as possible about the operation and government of the University, details about courses and subjects offered for study. The Annual Report and the Research Report, published annually, give more detailed information respectively about the life and affairs of Monash, and the nature of research being conducted in the University. Copies of these publications may be purchased from the Monash University Bookshop or by application to the Registrar, Monash University, Clayton, Victoria 3168, Australia.

SIR JOHN MONASH

General Sir John Monash was born on 27 June 1865 at West Melbourne of German-Polish, Jewish parents. He was educated until the age of twelve at local schools at Richmond and Jerilderie, where his father kept a store. He then attended Scotch College, Melbourne, for four years and was equal dux of the school in 1881. He entered the University of Melbourne in 1882 but after two years had to continue part-time because of financial hardship. In 1895 he had completed degrees in Arts, Engineering, and Law and had also qualified as a municipal surveyor, an engineer of water-supply and a patent attorney. In 1894 he began private practice as a civil engineer, specialising in the new techniques of reinforced concrete, and in the following twenty years prospered from railway- and bridge-building especially.

Monash had joined the militia in 1884 and was commissioned in 1887; by 1913 he was commanding a brigade of staff and providing a nucleus for command of the 4th Brigade, AIF, and served with it through the Gallipoli campaign and in France in 1916. He then became major-general commanding the 3rd Division until May 1918 when he was given charge of the Australian Corps. Monash planned the battle of Hamel, in which tanks were first used with complete success, and the Aus-
Australian Corps led the breakthrough of 8 August 1918, the 'black day of the German Army'. At the close of the war Monash's reputation stood extraordinarily high; many who were in a position to judge considered him the foremost military commander on the Allied side. He was also a general who detested war but who took fierce pride in the achievements of the Australians as an independent force.

In 1919 Monash carried out the repatriation and demobilisation of the Australian forces in Europe. In 1920 he accepted the general managership of the new State Electricity Commission of Victoria and in 1921 became full-time chairman of the Commission. The immense task of developing the State's brown coal in the Latrobe Valley as a source of electrical power, and organising the distribution and marketing of this power throughout Victoria, was carried out with notable success. He died on 8 October 1931, aged 66.

Monash was a great man of a kind which makes it peculiarly appropriate for a university to be named after him. He was a man of highly unusual intellectual range, who exemplified this University's motto in his continued study and drive for knowledge, and who was formidably well-informed in many fields other than engineering and soldiering. His greatest skill, perhaps, was his command of the English language, his lucid speaking and writing. He was conversant with many disciplines; his engineering and musical knowledge influenced his planning of battles. He also painted and drew, was an accomplished pianist, spoke French and German, enjoyed chess, carpentered, and was a bushwalker.

He pursued knowledge for its own sake, but always with an eye to its application. He was a scholar and a man of action.

Donations and Bequests

The University welcomes gifts and bequests for general purposes and also for special purposes such as furtherance of research and the establishment of fellowships and scholarships. Intending benefactors are invited to discuss terms and conditions with the Vice-Chancellor to ensure that their proposed gifts will be applied in a way most suited to their wishes and to the needs of the University.

Under existing legislation gifts to the University are allowable income tax deductions.

A suitable form of bequest is:

'I give to Monash University the sum of ................. dollars free of all duties to be applied for the purposes of the University either in such manner as the Council thereof may determine or in the following manner........ and I direct that the receipt of the Comptroller of the University shall be a sufficient discharge to my trustee(s) for payment of that sum.'

When the manner of application is precisely specified, it is suggested that the Council be empowered to apply the gift or bequest from time to time in any manner which in the opinion of the Council is similar to or a satisfactory substitute for the specified manner. This is recommended because a specified manner of application might, with the passing of time, become inappropriate.

If the intended manner of application requires the University to retain and invest the capital, it will be greatly appreciated if express power is given to the Council to invest the capital in any form of investment it thinks fit, whether an authorised trustee investment or not, and also, if the Council thinks fit, to accumulate part of the income from time to time, to add such accumulations to the capital and subsequently to apply any such accumulation as income; these powers can be exercised to increase the amount of the capital and thereby offset the effects of inflation.
January

1 M New Year's Day Holiday
2 Tu University reopens
8 M Enrolment of new BSpEd and MEdSt students begins
9 Tu Enrolment of new BEdSt students begins
Enrolment of new BSpEd students ends
10 W Last date for discontinuance of a subject/unit taught and assessed in the Summer Term to qualify for 50% refund of Student Amenities Fee relevant to that term
Enrolment of new DipEdPsych students begins
Enrolment of new DipEdPsych students ends
11 Th Enrolment of new DipEdPsych students begins
12 F Enrolment of new BEdSt and MEdSt students ends
15 M Re-enrolment for MEd and PhD begins
Supplementary and special (deferred) examinations, Medicine 3, 4, 5 & 6 begin
17 W Supplementary and special (deferred) examinations, Education, Law, Medicine 1 & 2 and Science begin
Last date for discontinuance of a subject/unit taught and assessed in the Law Summer Term for it to be classified as discontinued
19 F Publication of supplementary and special (deferred) examination results, Medicine 3, 4, 5 & 6
Re-enrolment following supplementary and special (deferred) examination results, Medicine 4, 5, & 6
23 Tu Enrolment of new DipEd students (first round) begins
24 W Supplementary and special (deferred) examinations, Arts, Economics & Politics, Engineering begin
Enrolment of new DipEd students (first round) ends
29 M Australia Day Holiday
30 Tu Medicine 4 Term 2 begins
Medicine 5 begins
Medicine 6 Term 1 begins
31 W Closing date for higher degree re-enrolments

February

2 F Re-enrolment following supplementary and special (deferred) examination results, Education Supplementary and special (deferred) examinations end Publication of supplementary and special (deferred) examination results, Education PhD and Research (Graduate Scholarships) Conference Room, 2.15 pm West Meeting Room
6 Tu Standing Committee on Ethics in Research on Humans, 1.15 pm James McNeill Room
7 W Enrolment of new students in DipEdPsych, BSpEd, BEdSt and MEdSt offered places in second round begins
Enrolment of new students in DipEd (second round) Biosafety Committee, 9.30 am James McNeill Room
Standing Committee on Ethics in Animal Experimentation, 10.30 am West Meeting Room
Steering Committee of Professional Board, 1.00 pm James McNeill Room
Equal Opportunity Advisory Committee, 3.30 pm West Meeting Room
8 Th Buildings Committee, 8.30 am Works and Services Building AIDS Information Committee, 11.00 am West Meeting Room
9 F Enrolment of DipEdPsych, BSpEd, BEdSt and MEdSt students offered places in the second round ends
Re-enrolment following supplementary and special (deferred) examination results, Arts, Economics & Politics, Engineering, Law, Medicine 2 & 3
Publication of supplementary and special (deferred) examination results all faculties except Education, Medicine 3-6
12 M Examinations Law Summer Term begins
Enrolment of first year undergraduates (first round) begins
14 W Enrolment of first year undergraduates (first round) ends
Enrolment of first year undergraduates (second round) begins
Professorial Board, 2.15 pm Council Room
15 Th Orientation for part-time DipEd students
Enrolment following supplementary and special (deferred) examination results, Science First date to submit change of course forms, Arts, Science Occupational Health and Safety Policy Committee, 9.00 am James McNeill Room
Research Committee, 2.15 pm James McNeill Room
16 F Examinations Law Summer Term ends
19 M First date to submit change of course forms, Education
20 Tu Committee of Deans, 2.15 pm James McNeill Room
Bachelor of Special Education, Orientation Day, Room 173 Education Building
21 W Orientation for first year students begins
First date to submit change of course forms, Arts, Economics & Politics, Law Bachelor of Educational Studies, Orientation Day, Room G23 Education Building
Computing Committee, 9.30 am James McNeill Room

Traffic regulations under the Road Safety Act 1986 are enforced throughout the year.

The University's roads and carparks are subject to the provisions of the Road Safety Act, and 'owner-onus' applies. Weekday visitors between the hours of 9 a.m. and 5 p.m. should use only those carparks marked 'P'. Parking spaces marked 'Authorised Vehicles Only' are specifically for authorised vehicles.

WARNING: As a security measure, staff are advised to ensure that their vehicles are securely locked and that any valuables such as cameras, transistor radios, handbags etc. are stored out of sight. Staff parking spaces at night are advised to contact the Gatehouse regarding security of their vehicle.
