Monash University Calendar 1993

Part I – Lists of members

Part II – Legislation

Monash University Calendar is published in January each year and updated throughout the year as required. Amendments to statutes and regulations are only published following Council approval and promulgation.

The Publishing Department must be advised throughout the year of all changes to staff listings on a copy of the 1993 Amendments to staff details form located in Part I and approved by the appropriate head of department.

Caution

The information contained in this Calendar is as correct as possible at the publication date shown on each page. See also the notes at the start of Part I and Part II.

Terms of reference: To consider all applications received for the affiliation of existing educational institutions, the continuation of any affiliation, and all other matters related to affiliation and to make recommendations thereon to Council.
Chairman: Mr A H May
Secretary: Mrs B M Linsten

Audit Committee

Terms of reference: 1. To receive and review the Auditor General's and any other external auditor's report on the accounts of the university or its subsidiary companies; 1.1 provide advice to Council on their acceptance/relevance; and 1.2 refer items to the Executive Audit Committee as considered necessary. 2. To receive reports/recommendations from the Executive Audit Committee. 3. To evaluate the effectiveness of internal audit by reviewing: 3.1 the program approved by the Executive Audit Committee; 3.2 minutes of the Executive Audit Committee including the Internal Audit Manager's report; and 3.3 the establishment of internal audit in relation to what is expected of it. 4. To establish that the total audit cover of the Auditor General/other external auditors/internal audit is adequate to provide for the requirements of the Council.
Chairman: Mr D W Rogers
Secretary: Mr G H Bryant

Biosafety Committee

Terms of reference: 1. To identify research being conducted or contemplated within Monash University which constitutes a potential biohazard as a consequence of any type of experiment or manipulation which may result in the creation of novel types of nucleic acid with the capacity to multiply or spread to involve man, animals, or plants, or which involves contact with hazardous microorganisms or potentially tumorigenic viruses. 2. To assess the actual and potential risks involved in the light of the intrinsic nature of the experiments, the competence of the personnel and the adequacy and security of the laboratory facilities. 3. To advise the Occupational Health and Safety Policy Committee research workers and their departmental chairmen of any perceived dangers and to prescribe conditions under which the research may proceed or to recommend to the Occupational Health and Safety Policy Committee that Council forbid such research altogether until both are satisfied that the work should begin or continue. 4. To report to Council by way of the minutes of its meetings and by the submission of an annual report. 5. To cooperate with research granting agencies and with any committees on biosafety or biohazards that may be established at a national level in supplying information and enforcing all conditions they may lay down for the execution of research conducted under their authority. 6. To collect and disseminate information on biohazards. 7. To develop policies, guidelines, and prepare other documents on behalf of the Occupational Health and Safety Policy Committee on matters of biosafety. 8. To maintain close communication with the Occupational Health and
Safety Policy Committee via, for example, the Occupational Health and Safety Branch mutual exchange of minutes, and reports to Council etc.
